

## SHERIFF SHARP HIS PRISONER BACK

Sharp Rushes Albert Donald  
Walk Away From Friends  
in Philadelphia.

IS WANTED FOR FORGERY  
EASTERN POLICE CHIEF AN AID  
TO THE EXTRADITION.

Stealing a march on Philadelphia lawyers who had planned to prevent the extradition of Albert Donald Walk, who defrauded the National Bank of the Republic out of \$175 April 2, Sheriff Joseph C. Sharp returned to Salt Lake last night with the much-wanted prisoner. In exactly seven days he traveled 5,000 miles when it was found necessary to keep constant watch over Walk, who is regarded as one of the cleverest bank swindlers in America.

When Sheriff Sharp arrived at Williamsport, Pa., Tuesday night, friends of the embezzler, representing men of influence in the Keystone state, met him with information that Philadelphia attorneys had been engaged to take up Walk's case and would bring out habeas corpus proceedings, but Sheriff Sharp had already had the extradition papers of Governor William Smith of Pennsylvania. With the consent of Chief of Police C. W. Bathurst of Williamsport, the sheriff stops out of the Pennsylvania city before sunrise Wednesday and was out of the state before Walk's friends could act.

Is Prisoner Graduate.

Walk, who has gone under the aliases of Lieut. E. E. Scranton, Donald Walker and Alfred Benjamin, since he began his operations on banks, is a son of one of the oldest families in Pennsylvania. He is also a graduate of Princeton university. His downfall, when he began forging checks and using money after representing himself as a man of wealth by issuing fraudulent checks, began after his family had left him off his allowances because of his riotous living. During his incarceration in the Williamsport jail friends representing classmates at Princeton, had assured him that no one could bring him out of Pennsylvania.

Sheriff Sharp left Salt Lake May 23, traveling over the Union Pacific, Northwestern and Pennsylvania lines, reached Harrisburg, the Pennsylvania capital, at 4 o'clock Friday. By 12 o'clock the extradition papers had been honored by Governor Stuart and at 3 o'clock night Sharp was in Williamsport, the friends of Walk, Chief of Police Bathurst of Williamsport, made arrangements to let the Salt Lake sheriff take Walk out on the earliest train Wednesday morning.

Planned to Escape.

In Chicago, Sheriff Sharp learned that Walk was planning to escape. He was looking for him and he found it necessary to exercise the utmost precaution. Through the journey Walk is said to have schemed to make numerous getaways, which became impossible as the result of being kept securely manacled at the time.

Walk will have to face a charge of obtaining money under false pretense from the National Bank of the Republic after his arrival in Salt Lake about the first of April. Walk deposited a draft on the Metropolitan National Bank of Salt Lake for \$175,000 April 2, he withdrew \$175 of his account by presenting a check. Then he disappeared and did not return until he was taken to the Salt Lake sheriff's office followed him to Williamsport, Pa., where he was placed under arrest.

## CONTAGIOUS DISEASES REGISTER A DECREASE

Records of the city board of health for the last week show a decrease in the number of contagious diseases reported, there being 23 cases as compared with 33 cases the previous week and 44 for the corresponding week last year. A total of 24 births was reported last week—22 males and 2 females. There were 17 deaths—12 males and 5 females. The cases included in the cases of contagious diseases reported last week were twelve from scarlet fever, seven from smallpox and three each from diphtheria, typhoid fever and measles. The last patient left the isolation hospital yesterday, but there are eight housed quarantined on account of smallpox; 53 on account of scarlet fever and three on account of diphtheria.

## AUERBACH SUES TO GET CONSOLIDATED STOCK

George S. Auerbach believes his efforts toward the consolidation of the Bingham Metals company and the Bingham Central Standard Mining company were worth \$25,000, according to complaints filed in district court yesterday against Walter B. Farmer. Further, Auerbach says Farmer promised him 25,000 shares in the consolidated company, and to date he had failed to deliver the stock or its equivalent. The proposal to consolidate the companies was made by Farmer in January, 1909, and the consolidation was effected under the name of the Utah Metals company in September, 1909. Auerbach says there is no stock on the market and that the shares are of uncertain value, and in a first complaint he asks for the 25,000 shares or \$25,000 in cash. In a second complaint he asks for the 25,000 shares or worth \$150,000, and his services are estimated at \$25,000, so he asks for a total of \$175,000.

## Graduation

Graduation is an epoch in the lives of young men and women. As they leave their schools or colleges equipped intellectually for the battle of life, it is too often the case that they are ill prepared to grapple with its practical problems.

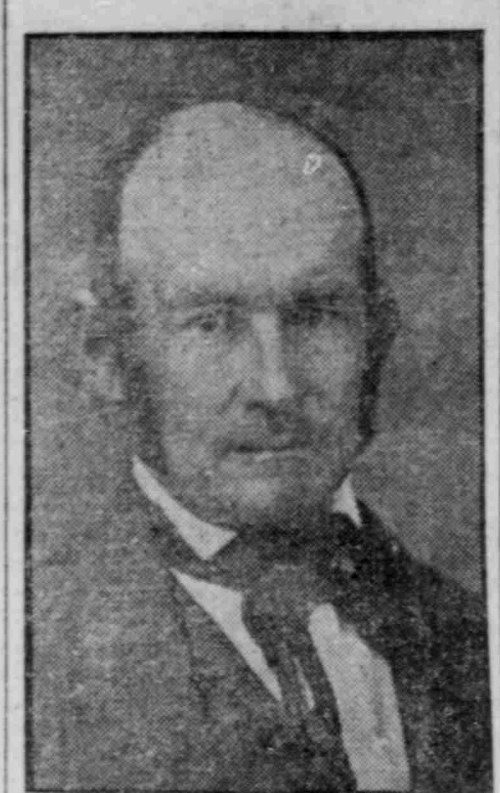

A gift of a Savings Account will go far toward remedying this defect; for it is the lesson of saving, of living within the income received, that is the fundamental principle of success.

This institution welcomes Savings Deposits in any sum down to \$1.00, upon which it pays interest at the rate of 4 per cent.

## KIMBALL FALLS TO HOLD REUNION

Descendants of Pioneer Mormon  
Leader to Gather at  
Whitney Hall June 14.

HEBER C. KIMBALL.  
Picture of Famous Mormon Leader,  
taken in 1850.

The fifth annual reunion of the descendants of Heber C. Kimball will be held in Salt Lake June 14, that date being the 10th anniversary of the birth of the prophet, pioneer and colonizer of the Mormon church.

For several weeks past members of the family have been diligently working and the consequence is there will be Kimballs gathered to Salt Lake from all points of the compass. There will be Kimballs big and Kimballs little; tribes of young Kimballs from far and near will be brought together and introduced to relatives that they never dreamed of.

The family gathering will be held at Whitney hall, commencing at 2 o'clock p. m. and the following grandchildren and great grandchildren of President Kimball will take part in the exercises: Prof. Edward P. Kimball, Florence M. Dinwoodey, Mary W. Durby, Pearl S. Davis, Rita Jackson, Alice S. Sant and Vera Kimball. One interesting feature of the program will be a new song, "The Pioneers," words and music by Solomon P. Kimball, and arranged by Prof. Charles J. Thomas. It will be rendered by the temple choir.

President Joseph F. Smith and Newell W. Kimball will deliver short addresses. Bishop Orson F. Whitney will read an address written by Heber C. Kimball to his children, some years previous to his death. Charles S. Kimball will act as master of ceremonies.

## CHARGED WITH STABBING

John Holland is Arrested on Complaint of Joseph Kelly—  
Wound Stitched Up.

Charged with stabbing Joseph Kelly, an employee of the Salt Lake Ice company, while at the American house early yesterday, John Holland, aged 19 years, who says he is a meat cutter, was arrested by Sergeant J. H. Johnston. Kelly says he invited Holland to share his lunch, when the latter whipped out a knife and made several lunges at his throat.

The first knife thrust entered just under the pit of Kelly's left arm, while the second cut a gash along the triceps seven inches long. It required eight stitches to close the wound. After he had been stabbed Kelly was taken to the emergency hospital at police headquarters and was attended by Dr. F. B. Steele.

Enlisting himself as a detective yesterday Kelly hunted up his assailant and shadowed him until Sergeant Johnston came walking toward him. Holland admits fighting with Kelly, but says he used no knife.

## SALT LAKERS DUE IN LIVERPOOL YESTERDAY

Telegraphic reports received in the office of the first presidency state that the steamship Meganic was due to arrive at Liverpool yesterday afternoon. The following were reported on board: Rudger Clawson and family, Samuel G. Spencer, F. J. Teuscher and Miss P. Bailey of Salt Lake City; Laura Purrlington, A. J. Larkin and J. H. Tillotson, Ogden; Thomas L. Thomson, Ephraim; Peter C. Rasmussen, Desper; George A. Peterson, Mt. Pleasant; Richard Miller, Castledale; John A. Cederlund, Laura Anderson and Clara Anderson, Springville; Charles Jensen, Burton, Ida; Henry Voss Lyman, Wyo.; James H. Buck, Evanston, Wyo.; and other Utah and Idaho passengers.

## ST. MARK'S CONTRACTS.

Keogh-Hammond Hospital Closes and New Building is Assured.

With the announcement that all contracts carried by the Keogh-Hammond hospital have been assumed temporarily by St. Mark's hospital, attention is called to the arrangements now being made by Drs. Patrick S. Keogh and E. D. Hammond for the opening of a new building for the institution in the near future. Plans are somewhat tentative at the present time, as Dr. Hammond is traveling in the Orient. In the meantime Keogh-Hammond hospital remains closed. The proposition to renovate and remodel the present quarters was taken up before Dr. Hammond went away, and it was decided that it would be better to erect a new structure. It is expected that this work will be carried out as rapidly as possible.

## EIGHT APPLICATIONS AWAIT PARDON BOARD

Six applications for pardon and two for commutation of sentence will be considered by the state board of pardons at its meeting at the penitentiary June 18. The applications for pardon are from James B. Maxwell, man-slaughter; A. M. Anderson, forgery; Fred Howett, burglary second degree; James McCue, indecent exposure; and Clara Smith, robbery. The applications for commutation of sentence are made by Benjamin Forman, burglary, and T. B. Gibson, embezzlement.

## FINE WAYSIDE TAVERN OPENS MONDAY NIGHT

LOCAL automobile and coaching enthusiasts will be pleased to learn of the opening tomorrow evening of "Casa Contentia," Salt Lake's only wayside tavern.

Ideally located at the intersection of Twelfth South and West Temple streets, in the midst of a grove of poplar trees, with ample storage facilities for a large number of automobiles, the resort will likely prove to be the objective point for a large number of motorists and after dinner trips.

Colonel C. A. Birch, the proprietor, is a man of wide experience in the catering field, having for a number of years been the head of the famous Canfield enterprises at Hot Springs and Saratoga.

"Casa Contentia" is the Spanish interpretation for "House of Content." The mission style of Spanish type has been faithfully carried out in the construction of the tavern. Wide porches completely surround the building. In the daytime out-door dining is protected from the sun by awnings, and in the evening vari-colored electric lamps in ornamental shades cast a soft and peaceful light.

Catering especially to a high-class clientele, nothing has been left undone to meet the taste of the most fastidious. The interior fittings are of the same character. All the furnishings blend into a charming picture of rest and comfort. The buildings, grounds and furnishings represent an investment of nearly \$50,000.

On Sunday afternoon an informal dinner will be given to a number of local newspaper men. Monday evening will be the formal opening, and already quite a number of tables have been reserved by prominent business men.

CASA CONTENTIA.  
Salt Lake's first and only wayside tavern.

## CONVENTION CLOSES WITH A RECEPTION

Address of President Louise B.  
Felt Feature of Gathering  
in Bishop's Building.

With a reception last night, the eighth annual convention of the Primary associations came to a close. Yesterday afternoon the association convened in the large auditorium, on the fourth floor of the Bishop's building, where the following program was rendered.

Singing, "How Firm a Foundation," L. D. S. Psalmody, No. 282; prayer; singing, "I Love Thee," Psalmody, Song Book, No. 64; "The Suggestive Lesson," Frances Thommasen; discussion, led by Amy Lyman; music; solo, "I Love Thee," by L. D. S. Primary Association; Ida B. Smith; discussion, led by Edna L. Smith; "Physical Culture," Isabelle S. Ross and Ann Anderson; discussion, led by L. D. S. Primary Association; singing, "The Spirit of God," L. D. S. Psalmody, No. 274; benediction.

Willful disregard of the summons is admitted in Burton's affidavit, and the petition in asking for a writ of certiorari asks that the proceedings of the court be declared void, and the judgment be set aside. The court and the order setting aside the judgment be declared void, and the court be enjoined from taking further action.

The family gathering will be held at Whitney hall, commencing at 2 o'clock p. m. and the following grandchildren and great grandchildren of President Kimball will take part in the exercises: Prof. Edward P. Kimball, Florence M. Dinwoodey, Mary W. Durby, Pearl S. Davis, Rita Jackson, Alice S. Sant and Vera Kimball. One interesting feature of the program will be a new song, "The Pioneers," words and music by Solomon P. Kimball, and arranged by Prof. Charles J. Thomas. It will be rendered by the temple choir.

President Joseph F. Smith and Newell W. Kimball will deliver short addresses. Bishop Orson F. Whitney will read an address written by Heber C. Kimball to his children, some years previous to his death. Charles S. Kimball will act as master of ceremonies.

## APPROVES THE FINDINGS

Governor Spry O. Ks. Decisions of the  
Court-martial of National Guard  
in Several Cases.

Governor William Spry, who is also commander-in-chief, has approved the recent findings of the court-martial of the National Guard, which are as follows:

Carl E. Saline, company H. Not guilty. He was under age when he enlisted and did not have the consent of his parents, therefore the court had no jurisdiction. It is recommended that he return all property and pay back all money received.

George McCalland, company H. Guilty. Sentenced to a reprimand and fined \$10.

C. J. Davison, company H. Guilty. Reprimanded and fined \$25.

Sergeant V. E. Bule, company H. To be reduced to the ranks and fined \$15, with a further fine of \$10 for contempt of orders and summons of the court-martial in failing to appear May 6, 1910.

Earl Gillingham, company C. Guilty. Fined \$25, with a further fine of \$10 for contempt of order and summons in failing to appear May 6, 1910, as required by order of court.

## BOUNTIFUL CO-OP RESENTS DECISION

Asks That Judge Whitaker's  
Order Setting Aside Judg-  
ment Be Declared Void.

The Bountiful Co-op. objects to a decision of Judge J. J. Whitaker in the civil division of the city court, through a petition filed in district court yesterday asking for a writ of certiorari against the city judge and Charles Burton. The complaint says the Bountiful company had summons served against Burton June 7, 1909, in an action which was filed against Burton in city court five days later. Burton failed to appear and judgment by default was rendered June 18, 1909, for \$72.22 and costs.

Burton filed a motion nearly a year later in city court to set aside the judgment, and this motion was granted by Judge Whitaker May 31. In the petition filed yesterday the Bountiful corporation says Judge Whitaker exceeded his jurisdiction in setting aside the judgment, inasmuch as the affidavit of Burton in support of the motion to set aside judgment did not conform with the law, and he neither said that he had a good defense to the suit nor did he tender an answer to be filed in the case.

Willful disregard of the summons is admitted in Burton's affidavit, and the petition in asking for a writ of certiorari asks that the proceedings of the court be declared void, and the judgment be set aside. The court and the order setting aside the judgment be declared void, and the court be enjoined from taking further action.

## MILLS RE-ELECTED BY LIBRARY BOARD

Commission Decides to Hold Next  
Meeting in Ogden—Carnegie  
Library for Manti.

John M. Mills, superintendent of the Ogden schools, was re-elected member of the Carnegie library and gymnasium commission, for five years, yesterday. The meeting of the commission, held in the office of the state superintendent of public instruction and it was decided that the next meeting of the commission shall be in Ogden, next month.

The report of the secretary showed that the city of Manti has accepted the offer of Andrew Carnegie to erect a library, to cost \$10,000, and that a site has been provided. The Toledo public library is also being erected. The library will be ready to dedicate within a few weeks.

Reports from Cedar City said the library and gymnasium have been highly successful and the attendance at the library has been more than 500 each month since the library was established.

## HELD ON SECOND CHARGE.

Trefa Raechelz Dismissed, But  
Faces Another Accusation.

Trefa Raechelz, who appeared before Judge T. D. Lewis on charge of murder in the first degree, was dismissed yesterday, on motion of his attorney to quash the indictment. About three weeks later he was rearrested in charge of murdering Mike Pace in Bingham, February 19, 1909, and was taken back to the county jail for another six months or more before he can be brought to trial again. The dismissal was because of the failure of the justice before whom the preliminary hearing was held to provide a stenographic report of the proceedings. District Attorney F. C. Loofbourou believes that a delay will be the only result of the dismissal.

## CRUISE OF MIDDIES.

Three Lower Classes Taken Aboard  
Battleships at Annapolis.

Annapolis, Md., June 4.—With the embarkation of the members of the three lower classes of midshipmen aboard the battleships Iowa (flagship), Massachusetts and Indiana of the Pacific squadron this morning, June week closed. Leaving Annapolis Monday morning, the ships, under Captain G. B. Smith, will sail direct for Plymouth, England. The cruise will include stops at Mar-selles, Gibraltar, Madeira and the Azores and end at Annapolis, Aug. 23.

GREEK MEETS ITALIAN.  
Rome, June 4.—King George of Greece arrived here today in the strictest incognito to confer with King Victor Emmanuel regarding the Cretan situation and to urge that Italy, as one of the four protecting powers of the island, assist in the realization of the Cretan ideals.

## SALT LAKE CHOSEN AS MEETING PLACE

State Superintendents of Public  
Instruction Will Hold Con-  
vention in September.

State superintendents of public instruction of the United States will meet in Salt Lake next September to complete reciprocal arrangements for teachers' certificates which will be designed to be good in any state in the Union. Preliminary regulations for this movement were accomplished at a meeting at Lincoln, Neb., last week, and A. C. Nelson, Utah superintendent, who returned yesterday, announces that the educators decided on Salt Lake as their next meeting place.

At the Lincoln meeting the superintendents decided that high school diplomas should be granted to those who have completed a college course of four years and have taken fifteen hours' additional education or professional work. Grammar grade life certificates will be issued to graduates of normal training schools of high standing and the standard of normal course is to be two years above high school and the accepted normal schools must have a school of practice and training in connection. The superintendents also agreed that graduates of normal schools having a four year course above the high school would be entitled to high school diplomas. A committee consisting of Dr. Updegraff of the United States bureau of education, State Superintendent Bishop of Nebraska and State Superintendent Schultz of Minnesota was appointed to take up these three grades of certificates and report on the advisability of their acceptance by all the states at the convention to be held at Salt Lake next fall.

In the consideration of the teachers' diplomas, the superintendents have considered three of the four general classes of teachers; the one remaining to be threshed out at the Salt Lake convention being the class of teachers who have neither a college nor a normal school education.

The state board of education met yesterday afternoon and went through routine work preliminary to the consideration of the certificates. This will be taken up at another meeting to be held this week.

## ELDRIDGE STARTS FIRM

Quits Census Office and Organizes  
the Phillips & Eldridge Adver-  
tising Company.

Frank M. Eldridge, who has for the last eight months been assistant supervisor of the census, yesterday ordered his resignation to Supervisor Hugh A. McMillin. Mr. Eldridge has just organized the Phillips & Eldridge Advertising company and has fitted up comfortable offices in the Scott building. The new firm already has contracts to handle the entire advertising campaign for several Salt Lake business houses and also to carry one of the most complete lines of advertising novelties in the country. Mr. Eldridge has had wide experience in all forms of advertising, having been engaged in the business for twelve years in New York City. He has just closed a contract with Promoter R. A. Grant to handle the entire advertising for the Salt Lake hippodrome for the season, and will also be treasurer for the Hippodrome Amusement company.

## WILL HOLD EXAMINATIONS.

Federal Civil Service Commission Has  
More Jobs to FILL.

More civil service positions are vacant and the United States civil service commission announces the following examinations June 13 and 14:

Sawyer and marine gasoline engineer in the Indian service. Salary \$900 a year and quarters, with employment at the Leech Lake agency in Minnesota. Examination June 29.

Engineer in the Indian service. Salary \$800 a year, with service at the White Earth school in Minnesota. Other engineers are needed in other schools at salaries ranging from \$800 to \$1,000 a year.

Timber scaler for service during the logging season on the Chippewa Indian lands in Minnesota, at a salary of \$30 a month. No examination will be held, it being necessary only to make out application blanks, which are provided at the federal building.

## OPEN TO THE WORLD.

Scotland to Have International Aviation  
Meet This Summer.

Washington, June 4.—Scotland is to have an international aviation meeting this summer and at least \$40,000 in prizes will be offered. The first Scottish meeting for aeroplanes will take place at Lanark, thirty-one miles from Glasgow, Aug. 6 to 13, and is being promoted by the Scottish Aeronaautical society in connection with the Royal Aero club of the United Kingdom and the Aerial league of the British Empire. The competitions will be open to all aviators of the world, Consul J. M. McCunn, at Glasgow, reports to the state department.

## COMPLY BY ZONE METHOD.

Railroads' Reported Intention in Mis-  
sour River Jobbers' Case.

In the event that the supreme court of the United States does not grant a rehearing in the recent decision in the Missouri river jobbers' case, it is learned from an authentic source that the leading railroads of the United States will comply with the decision by the "zone" method. It is said that the interstate commerce commission is inclined to favor this method. One of the leading traffic men of the country is authority for the statement that, if the railroads are compelled to readjust their tariffs under the new decision of the commission, which now seems certain as a result of the supreme court decision upholding the commission, they will prefer to adopt the proposed "zone" method. This method, in brief, consists of naming rates from the Atlantic to the Pacific seaboard and designating them as 100 per cent. The rates to intermediate points will be percentages of the whole, according to distance. The rate, for example, from Buffalo, and the territory comprising the Buffalo zone, would be approximately 80 per cent of the rate from coast to coast. The rate from the Chicago zone, on the same basis, would be about 85 per cent. The same method would be followed in computing rates from the west to the east and between intermediate points.

## GOVERNOR TO ATTEND

Baccalaureate Service This Evening  
Will Inaugurate Utah University  
Commencement Week.

Seats have been reserved in First Congregational church for Governor William Spry and his party tonight at the baccalaureate service which will inaugurate the forty-first annual commencement week of the University of Utah. The program was completed last night as follows:

Organ prelude and march, Professor Squire Coop; invocation, Seymour H. Squire; reading of the Declaration of Independence, Mrs. Emily Stitzer; sermon, Rev. Elmer I. Goshen; "America," congregation; benediction, H. P. Squire; invocation; organ postlude, Professor Coop.

Railroads' Reported Intention in Mis-  
sour River Jobbers' Case.

In the event that the supreme court of the United States does not grant a rehearing in the recent decision in the Missouri river jobbers' case, it is learned from an authentic source that the leading railroads of the United States will comply with the decision by the "zone" method. It is said that the interstate commerce commission is inclined to favor this method. One of the leading traffic men of the country is authority for the statement that, if the railroads are compelled to readjust their tariffs under the new decision of the commission, which now seems certain as a result of the supreme court decision upholding the commission, they will prefer to adopt the proposed "zone" method. This method, in brief, consists of naming rates from the Atlantic to the Pacific seaboard and designating them as 100 per cent. The rates to intermediate points will be percentages of the whole, according to distance. The rate, for example, from Buffalo, and the territory comprising the Buffalo zone, would be approximately 80 per cent of the rate from coast to coast. The rate from the Chicago zone, on the same basis, would be about 85 per cent. The same method would be followed in computing rates from the west to the east and between intermediate points.

## COMPLY BY ZONE METHOD.

Railroads' Reported Intention in Mis-  
sour River Jobbers' Case.

In the event that the supreme court of the United States does not grant a rehearing in the recent decision in the Missouri river jobbers' case, it is learned from an authentic source that the leading railroads of the United States will comply with the decision by the "zone" method. It is said that the interstate commerce commission is inclined to favor this method. One of the leading traffic men of the country is authority for the statement that, if the railroads are compelled to readjust their tariffs under the new decision of the commission, which now seems certain as a result of the supreme court decision upholding the commission, they will prefer to adopt the proposed "zone" method.
